SOURCE: 2005 CBEDS data, California Dept. of Education. County and state averages represent high schools only. Because teachers can hold more than one type of credential, percentages rarely add up to 100 percent.

Our teachers bring an average of 15 years of teaching experience to their classes. About 94 percent have a full credential. Statewide about 91 percent of high school teachers hold this credential.

The average class size of core courses varies at our school from a low of 29 students to a high of 35 students. Our average class size for all classes schoolwide is 29 students. The average class size schoolwide for other high schools in the state is 29 students.

The factors above may affect students' performance in school. Most of the 145 students at our school designated as English learners speak Spanish at home.

COLLEGE PREPARATION

Three factors indicate how effectively we prepare students for college: whether students are taking the courses required for college admission, whether the school offers Advanced Placement (AP) courses, and where students ultimately enroll in the state's public college system.

KEY FACTOR	OUR SCHOOL	COUNTY AVG	STATE AVG
Students meeting UC or CSU course requirements	0%	26%	38%
AP exams passed per 100 juniors and seniors	18	13	23
Students attending UC	8%	7%	8%

Students attending community colleges	50%	32%	31%

Information in this report changes throughout the year. This data was taken from the California Department of Education in September 2006. A complete annual accountability report is available from our school or district office, and on our district Web site: <http://www.mpusd.k12.ca.us>

MEASURES OF ACADEMIC PROGRESS

ACADEMIC PERFORMANCE INDEX (API): This is California's way of rating schools. Using student test scores, the API places schools on a scale from 200 to 1000. Our school's API was 691, compared with 700 for the average high school. The state expects schools to attain an API of 800 eventually.

ADEQUATE YEARLY PROGRESS (AYP): This is a federal measure that requires schools to meet test score goals schoolwide and for all subgroups* of students. We met 16 out of 18 criteria for yearly progress, according to the US Dept. of Education. Because we fell short in two areas, we did not make Adequate Yearly Progress. Note that the number of criteria may vary from school to school.

CALIFORNIA API ACADEMIC PERFORMANCE INDEX		FEDERAL AYP ADEQUATE YEARLY PROGRESS	
Met schoolwide growth target	No	Met AYP	No
Met growth target for prior school year	Yes	Met schoolwide test participation rate	Yes
